OCTOBER

Welcome Classified to the this month's edition of our newsletter. As we start the holiday season, please make sure to take a little time to have some fun. Please take some time to look over this month's newsletter and share any important information with your students.

CLASSIFIED PROFESSIONAL UPDATES

Welcome Bryan Burland, our new Science Instructional Lab Technician.

Congratulations to Silvia Medrano, who has been promoted to Senior Administrative Assistant for Student Development.

Goodbye and good luck to Dave Gardner who is retiring from OC after over 25 years of service. We wish you all the best and hope you enjoy your retirement.

Happy Birthday to Karla Banks and Imelda Fernandez who both celebrate their birthday this month.

Lastly, Professor Rainer Mack wanted to **shoutout Jeremy Hanes**, our amazing Tech in the Performing Arts Building.

"We kicked off OC LIVE on September 14 and it simply could not have happened without Jeremy, whose value goes way beyond the technical knowledge and skill he brings to his job. He is an Ambassador for OC when he interfaces with our performers, listening to their needs, offering solutions, and making it possible to realize their vision for the event. And he is a mentor and instructor for our student volunteers, who are there to support the program and learn as much as they can about event camerawork, AV tech and stagecraft. After our opening event, Jeremy stayed late to look at footage with the students, answer their questions, and give them feedback on how we did and how we can improve. He could easily have called it a night! Instead he stayed behind, shared his knowledge and helped them grow as future professionals in the field. He is a true Condor, going above and beyond!"

I believe anyone that has worked with Jeremy can definitely agree with the comments above. Thank you, Jeremy, for all your hard work and dedication!
